

Catch::TestCaseInfo

```
classDiagram
    class Catch_TestCaseInfo["Catch::TestCaseInfo"]
    class Catch_TestCase["Catch::TestCase"]
    Catch_TestCase --|> Catch_TestCaseInfo
```

The diagram illustrates a class hierarchy. At the top is a gray-shaded box labeled "Catch::TestCaseInfo". Below it is a white box labeled "Catch::TestCase". A blue arrow points from the top of the "Catch::TestCase" box to the bottom of the "Catch::TestCaseInfo" box, indicating that "Catch::TestCase" inherits from "Catch::TestCaseInfo".

Catch::TestCase
